

FREE smart wristbands for people living with dementia...

Thousands of people living with dementia in Lincolnshire are now entitled to a **NFC Dementia Safeguarding Band**. The wristbands store the names and contact details of the wearer's next of kin and can be easily read by a smart phone

If you are a carer or relative of someone living with dementia who is mobile within the community and want to request a NFC Dementia Safeguarding Band for them. Please head over to the force website by scanning the QR code and completing the details on the form.

www.lincs.police.uk/hp

"It is crucial that people living with dementia can get to a place of safety and security, with friends or family, as quickly as possible."
